

# Dairy Loose Housing Barn

Herrick Archives Number 008

## A. IDENTIFICATION & LOCATION

### 1. Name

1.1 Never officially named by Board of Trustees action.

1.2 Alternate names noted:

Constructed as "Feeding Barn"

Animal Husbandry Feeding Barn

Waterman Feeding Barn

Cattle Feeding Building

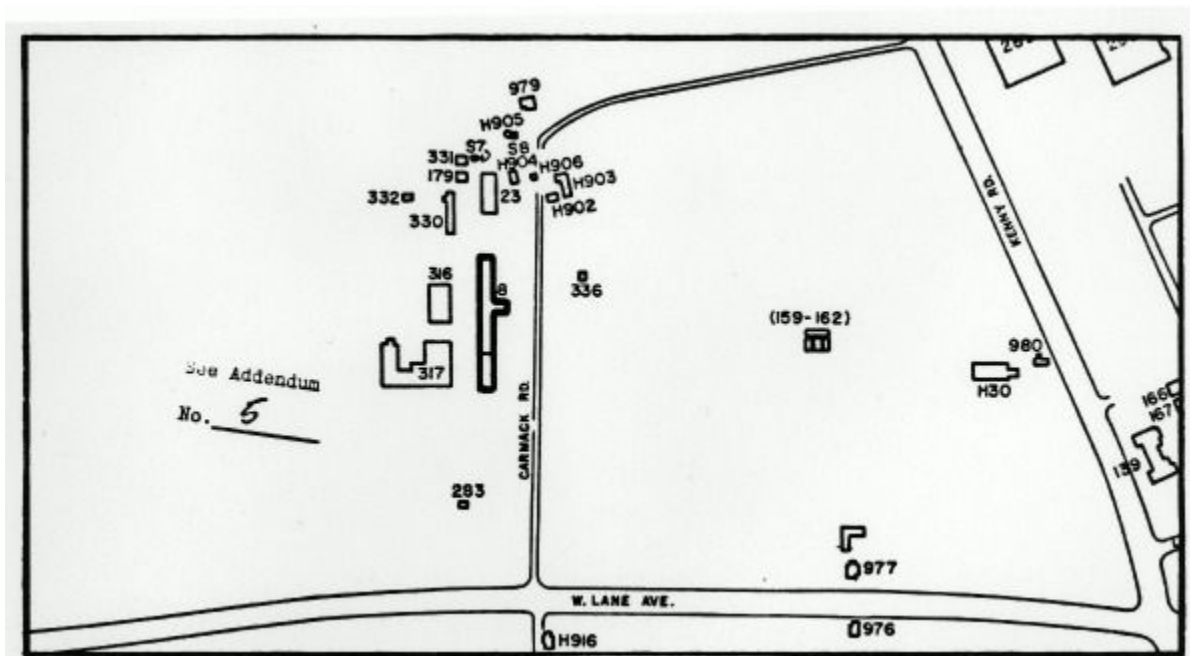

New Feeding Barn

Dairy Herd Barn

### 2. Location

2.1 Located at 2453 Carmack Road. (Formerly listed as 1110 West Lane Avenue.) See map below

2.2 For greater detail, see Sheets 39 & 51 in the book of campus maps in the University Archives.

For identification of other buildings shown, see Appendix A.

### 3. General Description

**3.1 Type of construction:**

All frame construction, except two concrete silos.

[See Addendum No. 5]

**3.2 No. of stories:**

One.

**3.3 Increments of construction:**

Enlarged once. The addition is at the south end and comprises approximately 96' of the total building length. It has a lower roof line than the original buildings.

**3. 4 Present area of building as shown in inventory records of Division of Campus Planning:**

18,309 square feet gross; 16,841 square feet net assignable

[See Addendum No. 6]

**3.5 Volume of building:**

190, 000 cubic feet (PP)

## **B. PLANNING & CONSTRUCTION**

1. On April 8, 1940 the Board of Trustees approved the plans and related documents prepared by Joseph N. Bradford and authorized the solicitation of bids by contractors.

2. The work was done by the Works Progress Administration for the University.

**3. Completion and occupancy:**

The Secretary reported to the Board of Trustees on May 26, 1941 that work on the building was completed.

## **C. MISCELLANEOUS**

1. This barn was constructed to replace the Hess Barn on the Mary Hess property (H 954) which burned on March 3, 1939 (T 12/11/39).

2. The building was extensively remodeled in 1949, under contracts which also included remodeling of Building 023.

[See Addendum No. 3]

3. The east wing burned on July 26, 1946 and was replaced in part by a Quonset building erected on the south half of the old foundation (M 38: 27 October 1946).

## **D. COST**

1. Cost listed at \$57,318 in University Architect's records. This is apparently the total cost including WPA labor, although this is not made clear in the Architect's records. The Board of Trustees in approving the plans stipulated that the University would supply \$15, 000.

## **E. PLANNING & CONSTRUCTION--ADDITION**

1. On November 19, 1967 the Board of Trustees awarded a \$19,600 contract to the Holzapfel Construction Company for the addition, which was designated the "Bull Barn Replacement."
2. The work was done under direction of the Service Department rather than the University Architect.
3. The last approval date for payment to the contractor was September 18, 1968 (PP).
4. This addition replaced building H 312 which was demolished to make way for Building 297.
5. At one time this addition was carried in Campus Planning records as Building 314--Bull Barn.

## **F. PHOTOGRAPHS**

## **ADDENDUM NO. 1**

The quonset erected to replace the east wing was one of 10 quonsets received from the Indiana Ordinance Plant at Charleston, Indiana for Research Foundation use. As of July 21, 1946, they were scheduled to be shipped beginning August 12, 1946.

The fire occurred on July 26, 1946 and when the quonsets arrived one was diverted to farm use at Building 008. This diversion lead to considerable controversy with Federal authorities, according to Thomas E. Davis, former Associate Executive Director of the Research Foundation.

For location of the other 9 quonsets, see H405 and H460

John H. Herrick  
December 5, 1974

## **ADDENDUM NO. 2**

The east wing, which burned in 1946, was referred to in some instances as the "sheep barn."

John H. Herrick  
December 1, 1975

## **ADDENDUM NO. 3**

The east wing of this building was a war surplus building erected on the campus as a temporary building after World War II.

John H. Herrick  
July 25, 1978

## **ADDENDUM NO. 4**

Campus Planning records at one time used 314 as the number of the Bull Barn, which is the addition to Building 008 in this series of reports.

John H. Herrick  
July 19, 1979

#### **ADDENDUM NO. 5**

The original building included two concrete silos on the west side of this building. They are mentioned in Part A 3 of this report, but do not show on the map on the first page.

Sheet 39 in the book of campus maps in the University Archives shows both silos.

In late September, the north silo was replaced by a new and larger silo at the same location. See Photographs X 25015 and X 25017.

John H. Herrick  
August 15, 1979

#### **ADDENDUM NO. 6**

Campus Planning records now show the following areas for this building:

18,470 sq. ft. gross 16,715 sq. ft. net assignable

John H. Herrick  
January 31, 1985
